
Theme Of Contemporary Art Visual Art After 1980

Offering a unique thematic approach to recent art history, *Themes of Contemporary Art: Visual Art after 1980*, Third Edition focuses on eight central ideas. The expansion of content to include new "new visual reality" elements, technological design and video, and the mythologization of images and impressions from 1980s visual art has had a significant impact on contemporary design and conceptual thought. The works presented by the artists are analyzed in terms of creative ideas

and their impact on fashion and social relations. The new book contains over 500 works that were selected from 6,000 "New Art in the 1990s" works created by artists in the late 1980s and early 1990s. Illustrated reference book "History of Art. From Antiquity to the Renaissance" (308 pages) The Bely Gorod Publishing House invites art history lovers to visit a fascinating excursion into the history of world culture, where the presented works of first-class artists - masters of this or that art - will tell how their

work has expressed itself in the work of other artists. Fascinating and informative guide, journalist of the magazine "Art", doctor of art history Peter Kovalevsky will talk about the masters of the early period of European art, about the Renaissance, Baroque, Classicism, Mannerism, on the example of the collections of the Hermitage, the Tretyakov Gallery, the Russian Museum, the Hermitage in St. Petersburg and private collections in Russia and Abroad. The publication presents questions and

tasks with which students can repeat the material of the school curriculum on art history and expand their horizons in the field of world art culture. This reference textbook contains all the topics of the school course on the history of painting for grades 1-4. History of Art / Reader.
